

NFADA Introduces:

Environmental, Health and Safety (EHS) is a priority for your operations. It's your responsibility to offer a comprehensive EHS program to your employees to ensure they are prepared to perform their tasks in a safe manner. For the first time NFADA, along with KPA (a nationally recognized automotive EHS consultant company), offers streamlined compliance solutions to fit your needs:

NFADA SDS ON-LINE

SDS only -----

Access your Safety Data Sheets online. It's easy, convenient, and will prove to be much more of a practical tool in the event of an emergency.

- Readily Available: The system can be utilized from any computer, tablet or smartphone – quickly and efficiently.
- Easily Accessed: Searchable by Product Name, Manufacturer, and Part Number
- Chemical Inventory: Ability to update your inventory as your employees are exposed to new chemicals.

NFADA SAFE-T-FIRST ON-LINE

SDS + Training -----

In addition to a SDS system, NFADA offers environmental, health and safety training to your employees to meet federal regulations. Training programs include:

- Hazard Communication (GHS)
- Emergency Response
- Personal Protective Equipment
- Forklift Safety
- Respiratory Protection
- 6H

For more information on these and other member services, contact NFADA at (716) 631-8510.
